The Growing Prosperity of the Dominion.

No better evidence can be adduced in proof of the wisdom and prudence which characterises the administration of a Government, than is afforded by the annual statement of its Finance Minister laid before the Legislature of the country. The following analysis of the financial affairs of the Dominion of Canada, as laid before the House of Commons by the Hon. S. L. Tilley, the new Finance Minister, presents a condition of affairs of which the people of any country might well feel proud, and which reflects the very highest credit upon those gentlemen who occupy the Treasury Benches and administer the affairs of this now extensive country. In every department of trade, industry and commerce, the most remarkable progress is discernable. The exhibit of the Finance Minister is not confined to the mere results of a single year, but covers a period of five consecutive years, and is therefore all the more valuable, as it demonstrates a steady and continuous expansion in every department of the Government. In his opening remarks Mr. Tilley paid a deserved compliment to his predecessor in office, the Hon. Sir Francis Hincks, to whose great ability as a financier he attributed the success which had marked the administration of the Finance Department of the Government. He observed that it was important accurate information should be given to the country, and for this reason he desired to refer to the five years that had elapsed since the consummation of union. He observed that the condition of trade, banking, tonnage, and everything indicating the prosperity of the Dominion, was most satisfactory. The increase in the capital and deposits of the various banks, indicates a steady growth in wealth on the part of the people. The paid-up capital in 1867 was $28,692,980, and in 1872 it was $49,189,169 an increase in five years of $29,496,189. In deposits there was an increase of nearly $27,000,000. In 1868 the imports were $51,600,000, and in 1872, $82,639,662, an increase of $31,039,662. The goods entered for consumption in 1868 were $71,985,000; in 1872, $107,709,000; increase, $35,724,000. The rate of duty in 1868 was 12¼, in 1872 12 11-100, and it was less than 10 per cent. this year, owing to the reduction on teas and coffees. For public works during the past five years there had been taken from the surplus revenue the large sum of $9,522,020. The net debt in 1867 was $75,728,000, in 1872 $82,187,037; an increase of $6,458,000, being only in the ratio of the increase of population. In the interim, observed the Finance Minister, "We had built half the Intercolonial Railway, purchased and opened the Northwest Territory, spent a million and a-half on public works chargeable to capital, provided for the survey of the Pacific Railway, expended a million and a-half cash for British Columbia, had two Fenian raids to meet and a census to take, and yet over $9,000,000 had been spent in public works in the five years since Confederation." The revenue received from customs, excise and stamp duties last year was over $13,000,000, being an average of only $3 13 *per capita* of the population. The excess of the receipts over the estimates was $664,813. The expenditure on Civil Government was $25,492 below the estimates; the increase under that head in five years being only $11,000, although $27,000 have been added for the Post Office Department. The surplus last year was $3,125,345, which, with the sinking fund, $470,606, made a gross total of $3,595,951. There was every prospect of receiving $12,500,000 from customs this year, which was the amount estimated before the duties on tea and coffee were taken off. Excise is estimated at $4,725,000; Post Office at $720,000; railways and canals at $2,250,000; stamps at $195,000; miscellaneous at $1,000,000; total $21,740,000, against an estimated ordinary expenditure of $2,826,000. The total expenditure of this year for all purposes is estimated at $36,894,000, and of this there will be charged against capital $9,979,240. There was no occasion for additional taxation. The Intercolonial Railway would require $10,000,000; the Pacific railway, $30,000,000; canals $20,000,000, representing an annual charge of $3,367,000. How was this to be met? By the enormous increase in the resources and prosperity of the country, from the opening up of British Columbia, and the Northwest territories, and the construction of the Pacific railway. The improvement of our canals will make Montreal the rival of New York, and the city of Quebec must make a rapid advance. New Brunswick will have more railways at the end of three years than any country in the world in proportion to her area, and Nova Scotia will have her railways extended from Cape Breton to Yarmouth. But even in case all this should prove illusory, an increase of our taxation from 10 to 12½ per cent. would furnish more than sufficient revenue to cover all the additional charges on the country. We are mainly indebted for the above analysis of the Finance Minister's statement of the financial condition of the country, to the Toronto *Mail*, the Ontario organ of the Government, and we feel assured it cannot but afford the greatest satisfaction to every friend of the Dominion who reads it. Surely a Government that has conducted the affairs of the country with such signal success deserves well of the people and are fairly entitled to their undivided confidence and support. Canada is not only one of the most progressive, but is one of the best governed, countries on the face of the earth; and her "manifest destiny" is, in due course of time, to take her place among the foremost of the great family of nations.

Latest from the Apache Indian War.

PRESCOTT, A. T., April 5.—Forty-seven more Apaches were killed. Following are the particulars:—On the 11th of March, Gus. Swain, J. McDonald and George Taylor were slaughtered by a large band of Apaches. Within twenty days after the murders were committed, 79 warriors, composing a band, have been killed and 26 women and children taken prisoners. Since, Lieut. Rice, from Camp Date creek, has arrived at Fort Whipple. Lieut. Rice had a number of Apache and Mojave Indians from Date Creek Reservation, and Dan O'Leary and Sam Ball as guides and trailers, and went to the scene of the massacre. They followed the trail of the red skins until they crossed the trail of the McDonald party who were on the same track. Lieut. Rice procured sufficient evidence to make it certain that young Taylor was captured alive and subjected to most horrible torture. The Apaches and Mojaves with Lieut Rice declared that the Indians who committed the outrage were Pinals. After striking the trail of the McDonald party, Rice turned toward Prescott and arrived at Fort Whipple on Saturday last, having followed the trail from Hassayampa creek toward the Tonto basin, across the Agua Fria, and returning to Fort Whipple by Humbug creek. An express arrived at Whipple on Sunday evening, stating that he had killed 47 warriors and captured 7 squaws. The news was received in Prescott about sundown, and the rejoicing was general. Never, since the settlement of Arizona, has retribution so speedy and full overtaken the Apaches as in this instance. This signal victory is ascribed to Gen. Crook and the brave troops, officers and men, under his command.

PROCLAMATION.

[L. S.] JOSEPH W. TRUTCH.

CANADA.

PROVINCE OF BRITISH COLUMBIA.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, QUEEN, Defender of the Faith, &c., &c., &c.

To all whom these presents shall come—GREETING.

A PROCLAMATION.

GEO. A. WALKEM, *Attorney-General.* } WHEREAS under and by virtue of "The Breeding Stock Act, 1872," the Lieutenant-Governor in Council is empowered to divide the Province into Districts for the purposes of the said Act:

And whereas it is provided that the said Act shall not apply to any District unless upon an application being made to the Lieutenant-Governor in Council as therein mentioned:

And whereas such application has been made by the Settlers of Comox District that the same may be subject to the provisions under said Act.

NOW KNOW YE that under and by virtue of the authority contained in "The Breeding Stock Act, 1872," the Lieutenant-Governor in Council directs that Comox District shall be a District for the purpose of the said Act; and the Lieutenant-Governor hereby declares that the said District shall be subject to the provisions of the said Act during each and every month of the year commencing on the 1st day of May, 1873.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Our said Province to be hereunto affixed; WITNESS, the Honorable Joseph William Trutch, Lieutenant-Governor of Our said Province of British Columbia, in the City of Victoria, this Eighteenth day of April, in the year of Our Lord One thousand eight hundred and seventy-three, and in the thirty-sixth year of Our Reign.

By Command.
JOHN ASH,
ap21 *Provincial Secretary.*

PILOT BOARD OFFICE
19th April 1873.

THE following additions to the Rules and Orders for the Regulation of Pilots and Pilotage in the Province of British Columbia, having been made and passed by the Governor in Council, in pursuance of "The Pilotage Ordinance, 1867," are hereby published in conformity to the provisions of the said Ordinance.

By Order of the Board
T. L. STAHLSCHMIDT,
Acting Chairman.

To be numbered 8B. If any vessel be stranded or suffer other accident, when in charge of a Licensed Pilot, the Licence of such Pilot shall thereby be suspended, pending the investigation by and decision of the Board.

To be numbered 8C. It shall be the duty of every Licensed Pilot at once to report to the Pilot Board any accident that may have happened to a vessel when under his charge.

PILOT BOARD NOTICES.

NOTICE IS HEREBY GIVEN that the Pilot Board have elected Captain J. A. RAYMUR, to be Chairman, and T. L. STAHLSCHMIDT, Esquire, Acting Chairman of the Board. By order of the Board.
J. A. RAYMUR,
ap21 Chairman.

VICTORIA,
15th April, 1873.

THE following Resolutions of the Pilot Board is published for general information. By Order of the Board,
J. A. RAYMUR,
Chairman.

The Barque Almatia having been, on the night of the 22nd March, 1873, stranded on the North-West end of Gossip Island, while in charge of Pilot Alexander McKinnon, and the Pilot Board having considered the evidence adduced as to the causes which led to the disaster in question, find that the said Pilot stranded the Almatia by attempting to take her through Plumper Pass when he was not certain of his position, and that he was guilty of negligence in so much as he did not exercise the utmost diligence and attention in the prosecution of his duty.

The Board have therefore suspended the Licence of Pilot McKinnon until the 1st July now next ensuing.

NOTICE IS HEREBY GIVEN that the examination of ROBERT HICKS, as a Pilot, will take place at the Office of Messrs. Lowe, Stahlschmidt, and Co., on Monday, the 21st instant, at 11 a. m.

By Order of the Board.
J. A. RAYMUR,
ap21 Chairman.

[San Francisco, Sheffield and Ashton under Lyne, England, papers please copy.]

Auction Sales To Day.

J. P. DAVIES & CO....Wharf Street.....Will Sell at Salesroom, at 11 A. M., Buggies, Furniture, &c.

Cariboo District.

Oliver Cromwell, a native of the United States, an old and well known miner, died early in the month at the Cariboo hospital, after a short illness. James Portman, a Harvey creek miner, has been received into the hospital for treatment.

A Mining and County Court was held at Richfield on the 17th.

Cariboo congratulates the new J.P.'s appointed for that district.

We anticipate, says the *Sentinel* of the 12th, a busy and prosperous season on Lightning creek, which is now fairly entitled to take rank second only to the famous William creek.

Weather continues unseasonable; snow, hail, rain, etc., mining operations are retarded.

MINING INTELLIGENCE.

From the *Sentinel* of the 12th, we take the following:

JACK OF CLUBS CREEK.—The Two Sisters co. cleaned up 40 oz. last week, and 16 oz. on Thursday. Two Brothers co. sawing lumber for shaft. Discovery co. still prospecting.

LIGHTNING CREEK.—The Vancouver co. have crossed the channel with a drive 5 feet wide, and cleaned up about 97 oz.; they are now running up stream, and on Friday last 41 oz. The Victoria co. expect to be on pay in the course of next week. The VanWinkle co. are going to start from the shaft to meet the drain. The Spruce co. washed up 24 oz. up to Wednesday. The Lightning co. is doing well. The Gladstone co. are making good progress with their balloon drive.

SUGAR CREEK.—The Discovery co. are getting in good shape for spring work. This company got a fair prospect last fall, and expect to make a favorable report by June next.

LOWER CREEK.—The Calaveras co. tapped the old diggings with their drain tunnel last Monday, and are now completing the shaft started last fall. The Victoria co. are making good progress with their new shaft.

OMINECA NEWS.

Sylvester, the Omineca expressman, arrived at Quesnelle on the 31st ult. We learn from him that Frank Egan, Fred. Black, Black Jack, and others who have been out prospecting all winter on the Ossilinka slope, had arrived on Manson creek on the 15th ultimo. They have found no prospect of any importance, although they sank several shafts on various creeks. The snow over there was six feet deep, and travelling very heavy. The failure of this party to find anything has caused great disappointment, but letters received at Quesnelle report the Omineca miners hopeful for the next season. Fourteen men had arrived on Manson, from the coast; some of them went in by Naas river.

THAT'S WHAT'S THE MATTER.—"Honest John" told the people of Nanaimo at a "caucus" held shortly before the late legislature was convened, that he would have $23,000 placed on the Estimates, for his district. We all know what followed; his whitewashing and unseemly conduct while in the House so disgusted honorable members, that on nearly every question put to the vote, he was found to be all alone in his glory. The people of Nanaimo, as we said on a previous occasion, would be better without Mr. Robson; his unreasonable conduct, injuriously affects his constituents, they should therefore call upon him to resign his seat. The manner in which he and his organ have been libeling the district, and seeking to deter immigrants settling therein, is alone sufficient reason why he should be asked to give his place to some one who is better calculated to represent Nanaimo.

CRICKET.—Navy and Esquimalt vs. Victoria—This match took place at Beacon hill on Saturday last, in the presence of a large number of spectators, and favored by fine weather and good play, the day was very enjoyable. Time did not permit of the match being played out, but it was won on the first innings by the Victorians, who made 120 in in their first effort, against 78 by their opponents. In the second innings of Victoria, the total footed up 96. The play all round was good, and before the season is over, no doubt some interesting matches will be witnessed.

FROM THE RIVER.—The Enterprise arrived on Saturday with Cariboo and way mails and express. The followina were among the passengers: The Bishop of Columbia and Mrs. Hills, Rev. Mr. Pollard, Miss Crease, Miss Carr, Miss Ogilvy, Miss Hamley, and Messrs. G. McLeod, J. Irving, Hixon, Rodick, Watson, J. A. McKinnon, Warner, J. Simpson.

DESERTION.—H. M. ships lying at Esquimalt have been unfortunate of late as to desertions. Seven of the Scout's men took "French leave" on Friday night, making good their escape in a new and handsome boat, the property of Dr. Moss. Since the arrival on the station of this vessel probably fifty men have made their escape.

MEMBERS INDEMNITY BILL.—In accordance with this Act, of last session, the following gentlemen, as will be seen by official notice elsewhere in this journal, have been appointed Returning Officers: James Lindsay, A. W. Smith, C. Booth, W. Teaque, H. V. Edmonds, Esquires.

QUALIFICATION AND REGISTRATION OF VOTERS ACT.—The following gentlemen are gazetted Registrars to carry out the provisions of above Act: J. Bowron, Cariboo; C. Booth, Kootenay; W. Teague, Yale; A. W. Smith, Lillooet; H. V. Edmonds, New Westminster.

DEATH.—One of our oldest and most respected citizens passed to his last account on Saturday evening,—George Fox—after a short but painful illness breathed his last, leaving behind him a widow and large family to mourn his death.

THE Fraser River Lightship passes the ordeal of inspection at the hands of Captain Cooper, Department of Marine and Fisheries, some day this week.

TO BE CORONERS.—B. Douglas and R. B. McMicking, Esqrs., are appointed coroners for Yale district; C Booth, Esq., is appointed for the district of Kootenay.

The Wrecked Almatia and the Pilot Board.

After a careful investigation of the circumstances connected with the disaster which befel the bark Almatia, near Plumper's Pass, a month ago, the Pilot Board have arrived at the following resolution:—

"The bark Almatia having been, on the night of the 22nd March, stranded on the northwest end of Gossip Island, while in charge of pilot Alexander McKinnon, and the Pilot Board having considered the evidence adduced, as to the causes which led to the disaster in question, find that the said Pilot stranded the Almatia by attempting to take her through Plumper Pass when he was not certain of his position, and that he was guilty of negligence, insomuch as he did not exercise the utmost diligence and attention in the prosecution of his duty.

"The Board have therefore suspended the license of Pilot McKinnon until the 1st of July next ensuing."

Captain Raymur has been elected Chairman of the Board, and J. L. Stahlschmidt, acting chairman; amongst several steps already taken in the right direction, the following rules passed by the Board have been assented to by His Excellency the Lieutenant Governor in Council:

"If any vessel be stranded, or suffer other accident when in charge of a licensed Pilot, the license of such Pilot shall thereby be suspended, pending the investigation by, and decision of the Board.

"It shall be the duty of every licensed Pilot at once to report to the Pilot Board any accident that may have happened to a vessel when under his charge."

Further particulars may be seen in the official report in to-day's STANDARD.

Mainland.

A meeting of the New Westminster Agricultural Society was held on Friday last, Mr. Ferris, J.P., (the Président for ensuing year) in the chair; the object of the meeting was to consider the question of incorporation under the Act of last session. Mr. Tait was chosen Treasurer, Mr. Peele Secretary, and a number of sub-secretaries were appointed for the outlying lower Fraser districts; $2 50 is the annual subscription, to be paid before 1st August next. A committee was appointed to frame by-laws.

A little child belonging to H. V. Edmonds, Esq., died during the passage by last up trip of the Enterprise from Victoria.

The settlers of Langley want to be incorporated into a municipality; they are waiting a reply from the Government.

Mr. Turner, C. E., will shortly lay out the New Westminster-Semiahmoo road.

The Fraser mouth buoys want remooring.

The steamer Onward is being fitted in conformity with regulations of the Dominion law governing river steamers. She is hauled alongside of Holbrook & Co.'s wharf.

N. W. Odd Fellows Lodge will give a ball on the evening of Friday next. On Thursday evening the Amateur Dramatists give their last performance of the season.

Burrard Inlet has a population the largest it has ever had; all busily engaged.

The Fraser is rising rapidly.

WOULD LIKE TO BE WITTY.—A newspaper in this city, kept for the purpose of blackmailing the character of its public, tries to be witty at the expense of truth and decency. The Superintendent of Police, because the blackmail sheet alluded to imagines he has granted us certain courtesies in the discharge of his duties, is being blackguarded—white-washed, the organ says—and a puny effort made to make somebody believe the office is a sinecure. When we state that the Superintendent is the head of the whole police establishment of the Province, including Municipal police, and that he is also Gaol Warden for Victoria prison, as well as the other of the Provincial gaols, we state what are facts. Why didn't the organ and its "boss" oppose the appointment when the Estimates were passed through the House?

NEW FIRM.—A copartnership to carry on the dry goods business has been formed between Mr. Brown, late a salesman in the Victoria House, and Mr. White, formerly of the firm of Young & White. The confectionery store on Fort street, near to the corner of Government street, just vacated, will be enlarged and refitted for the new firm.

CORRECTION.—In our leading article of Saturday morning we erroneously stated that two Indians were killed in the Indian row at Chemainus, and two others were injured. We should have stated, as was related by our correspondent, that *one* native was killed and a second wounded.

OFFICIALS.—Amongst the passengers on board the steamer California were several U. S. officials:—The Hon. W. Chapman, Collector of Customs, Sitka; Hon. John R. Fuller, Postmaster, Sitka; and Mr. Frank Thompson, Inspector of Customs, Sitka.

FROM PORTLAND.—The steamer California arrived here from Portland at six o'clock yesterday morning, with 340 tons of freight, 180 tons of which was discharge for consignees in this city. She had also the regular coast mail and a few passengers bound north.

FOR SITKA.—The steamer California leaves at 6 o'clock this morning for Sitka, with 150 tons of freight, the usual mail, and the following passengers: Messrs. Chapman, Fuller, Thompson, Quimby, Helstodt, Healey, and A. Levi, wife and two children.

ON THE WAR PATH.—Our active Superindent of Police leaves per the Otter this morning on police duty along the northwest coast. Before leaving, an investigation of the Chemainus affair was provided for.

AUCTION.—Two new buggies, home build, one Concord do., three sets fine harness, clothing, furniture, etc., will be disposed of at auction to-day, at the rooms of Messrs. J. P. Davies & Co.

FOR SKEENA RIVER.—The steamer Otter sails this morning for Skeena river and way ports, from the wharf of the Hudson Bay Co., with 70 passengers, besides Indians, and some 180 tons of freight.

UNDER provisions of the Breeding Stock Act, Comox has been made a district for purposes of the said Act, and is subject to the same, commencing on the first of May next.

BURNED TO DEATH.—An old man known as French Ned, resident in Kamloops, was burned to death on the night of the 8th. His cabin and contents were likewise consumed.

CHANGE OF STEAMER.—Instead of the Douglas, the steamer Maude will leave tomorrow morning at 7 o'clock for Comox and the east coast.

THE California has made about the quickest passage yet, between Portland and Victoria; two days via Port Townsend, and stoppages.

GENERAL CANBY's remains were interred at Portland on Friday last. Business was suspended throughout the day in honor of the deceased.

THE MODOC WAR!

CONTINUED FIGHTING!

THE TROOPS CLOSING IN!

LAVA BED, Cal., April 16.—9 p. m.—During the night our troops held the same position occupied at sunset yesterday evening.

A hotly-contested fight took place on Col. Green's left this morning. The Indians endeavored to get to the lake for water, but our troops succeeded in keeping them away.

A dispatch was received from Mason's camp at 7 a.m., saying that some Modocs had passed out on his left and were on his flank and rear. During the night the mortars, under command of Major Thomas, kept up a fire on the Modoc camp, which kept them very much amazed. Indians could be heard yelling and shouting at an awful rate.

At 9 o'clock this morning troops under Col. Green were ordered to move forward from the position they had held during the night. The whole line started with a cheer and before 10 a.m. they had reached the top of the ridge next to Jack's camp, which was so hotly contested yesterday, and which has been nearly deserted to-day.

Orders were then given to sweep the lava bed, and a dispatch was sent by signal to Barnard, ordering him in case the Modocs had got out on Colonel Mason's left, to pursue them immediately with the cavalry and give them no rest.

Ten o'clock a.m.—Our troops have gained considerable ground and firing is becoming more frequent. The general impression is that the lava bed is ours. Orders have been given for Colonel Mason to move his right forward as rapidly as possible and join Col. Green's left.

This will cut the Modocs off from water.

From 10 to 12 o'clock there was considerable firing from the south to the lake. Only part of the Modocs could have got out on Mason's left, as Indians can be heard in the vicinity of Jack's cave.

The mortars which have ceased since daylight have been ordered to a new position within 800 yards of the cave, near the water of the lake.

At about 12 o'clock Colonels Green and Mason's commands effected a junction, which entirely cuts off the Modocs from water. After this movement was effected occasional firing was heard at different parts of the line and it was decided not to push our men on the Indians' stronghold, as we might lose many without killing an Indian, and if we could keep them from the water they would have to leave their position, and we could not find them in a stronger one.

Our losses in the two day's fight are five killed and ten wounded. The only officer yet wounded is Lieut. Eagan, Company G, Twelfth Infantry—flesh wound in the left leg. He is doing well. No junction has been formed between Green's right and Mason's left. Five Indians only are reported killed, and of these we have some scalps. None of our killed or wounded have yet fallen into the hands of the enemy.

YREKA, April 17.—Mr. Costello, a special courier, arrived at noon, having left headquarters at the lava bed at nine o'clock last night, with news of yesterday's work. Last evening the Modocs had a big fire in their camp, and Major Thomas dropped a shell directly into it, provoking a frantic war-whoop and a sudden extinguishing of the fire. Another shell was dropped in the same locality, followed by yells of pain and dismay. The Modocs then appeared and challenged the soldiers to come out and fight. Another shell was the answer, and they were driven back. At 4 a. m., after another fight, the Modocs gave up an attempt to break through the lines and retired, it was thought to their lair, scattering shots only being fired at men who attempted to advance upon them. Colonel Green's command moved forward from the position gained at Tuesday noon, and soon they occupied the ridge next to Jack's camp. Colonel Mason then moved his right forward as rapidly as possible to form a junction with Green's left, thus cutting the Modocs off from the lake and from their only source of water supply. This junction was effected about noon.

The *Journal* extra says: At 2, p. m., the mortars were throwing shells with excellent range. Colonel Green fell back behind the ledge, awaiting the Modocs should the shells drive them out. After some firing, a solitary Indian replied, though yells were frequent. On the fifth shell, there came a raking fire, and from the sheet of flame a small party of men sprang out of a chasm, and came into the lines amid a shower of bullets. The falling back was caused by the Modocs flanking and opening a cross-fire. Colonel Miller, in attempting to form a junction with the Warm Spring Indians, missed them, and as he swung down into the great chasm, the Modocs sprang up and cut him off with thirteen men. Miller fortified himself. The soldiers fought for their lives until the mortars opened fire. They withstood the fire until 4, p.m., when the shells began falling in their midst, and they broke cover, dashing across the ledge, losing two men and one wounded. The line was then reformed and held round the Modocs. Mason signalled the Modocs on his rear and flank trying to get out. At 7:45, p m., Mason's men advancing, the Indians were seen on the bluff. Heavy firing at 8, p.m., on Colonel Green's line. A strong effort was made to unite Mason's left and Green's right. At 9:45, p m., Green's whole line moving. Mason at 9:45, p.m., signals the Modocs leaving the lava bed, and the cavalry were ordered to pursue. At 11:30, p.m., all was quiet, and half an hour later there was heavy firing in the Modoc stronghold. At 1:30, a.m., the Warm Spring Indians report three more good Modocs, making four to-day so far. At 9, a.m., the terrible fire had just ceased when the Modocs tried to break through to the lake. The intention is to keep the line, and prevent them from getting water. There will be more severe fighting before the works are carried. It is almost impossible to see an Indian.

Costello says the blaze of musketry firing along the lake shore about the time of his departure last night, was terrifically grand to look at, reminding him of prairie fires in early western times. He learned of twenty-four casualties,—five killed and nineteen wounded—some only slightly.

The Warm Spring Indians fought like heroes, skulking upon the foe, ever ready to take and hold any advantage. One of their number was killed.

SPRING.—The advent of this the most cherished season of the year is marked by the renewed vigor in which nature asserts herself, clothing in her most beauteous garb all creation. Imbued with the inspiriting influences of the season and believing that there is a "glorious summer" ahead of us A. B. GRAY has made arrangements to receive monthly consignments of all descriptions of Dry Goods. The Prince Alfred on her last trip brought the first of these shipments, comprising a very choice assortment of the newest dress materials, black silks, wool shirtings, shawls, etc., and such a variety of general goods as makes his stock complete in all departments. An inspection of the new goods is invited. Government street, 11th February, 1873. *

A PATENT has just been taken out for an invention relating to improvements in the production of imitations of the celebrated tapestry of the Gobelins and Beauvais manufacturers, and consists in the application of colors by means of brushes to the ribbed surface of a tissue specially prepared for the purpose. The effect is perfect. The first specimens of the segoods in the Province have just arrived for Turner, Beeton & Tunstall. *

The Debts of the World.

[From the Pall Mall Gazette.]

It may be useful at the present moment when our attention is being prominently directed to our own expenditure, to reflect on the burdens under which other nations are unhappily groaning. It is not a very easy matter to discover the actual indebtedness of either Europe or the world; but it is possible to give an approximate estimate of the total liabilities of continental nations. There are seven European nations which owe upwards of £100,000,000 each. They are:

Great Britain	£790,000,000
*France	748,000,000
Italy	360,000,000
Russia	355,000,000
Austria	306,000,000
Spain	261,000,000
Turkey	124,000,000
Total	£2,944,000,000

The debt of the German Empire amounts to a little over £35,000,000. The different States composing it, however, owe in the aggregate about £173,000,000. The liabilities of the Empire may, therefore, be probably placed at about £208,000,000. The debt of the eight most heavily encumbered European countries may in this way be raised to about £3,152,000,000.

There are six other countries in Europe which owe their creditors more than £10,000,000 but less than £100,000,000. They are:

Holland	£80,000,000
Portugal	64,000,000
Belgium	27,000,000
Greece	18,000,000
Roumania	13,000,000
Denmark	12,000,000
Total	£214,000,000

These six countries, then, add £214,000,000 to our previous total, and raise the national liabilities of Europe to £3,366,000,000. It must be remembered that we have excluded from this category all fractions of a million and the debts of all States which owe less than £10,000,000. Nor should it be forgotton that in most cases the only returns which are available are one or two years old, and that, therefore, the national debts of Europe are probably greater than the figures at which we have placed them. We shall probably be within the mark in saying that, without including the liabilities of municipalities, the national debts of Europe exceed at the present moment £3,400,000,000. The relative charges which these debts involve does not correspond with their relative amounts. Here are a few of them:—

Country.	Debt.	Interest	Rate p.c. About
Italy	£360,000,000	£30,300,000	8½
France	748,000,000	27,700,000	3¾
England	790,000,000	26,800,000	3½
Portugal	64,000,000	1,900,000	3
Denmark	12,000,000	1,100,000	9
Belgium	27,000,000	1,000,000	4
	£2,001,000,000	£88,800,000	4½

If the charge of the other debts is not relatively greater, the national liabilities of Europe involve a burden on its population of £134,000,000 a year. The debts of the rest of the world are happily much smaller than those of Europe, but even these are considerable. America, of course, heads the list. The different American States owe—

United States	£433,000,000
Brazil	67,000,000
Canada	21,000,000
Argentine Republic	16,000,000
Venezuela	14,000,000
Peru	12,00,0000
Mexico	10,000,000
	£573,000,000

Asia follows America at a considerable distance. Her chief debts are—

British India	£108,000,000
Japan	27,000,000
	£135,000,000

Our different Australian colonies owe in the aggregate £38,000,000. The chief African debts are those of

Egypt	£28,000,000
Morocco	10,000,000
Capetown	1,000,000
	£39,000,000

The chief debts, then in each of the five great divisions of the world amount in the aggregate to the following sums:—

Europe	£3,400,000,000
America	573,000,000
Asia	135'000,000
Africa	39,000,000
Australaisia	38,000,000
Total	£4,175,000,000

If we add only £15,000,000 to this total for minor omissions, we are compelled to conclude that the nations of the world owe their creditors £14,200,000,000—a sum which at only 4½ per cent. must involve a charge of £189,000,000 a year. The figures are so stupendous that it is hardly possible to comment on them. But it is a suggestive circumstance that with perhaps three exceptions—the United States, Germany, and ourselves—all these countries are steadily increasing their debts. The greater portion of them have been created within the memory of the present generation; the great majority of them are rising still with a rapidity which is adding annually hundreds of millions to the national liabilities of the world.

* This is the lowest estimate of the French debt. Some authorities place it at £900,000,000.

Naturalized Germans.

[OTTAWA COMMONS, MARCH 31st.]

Mr. Daly asked whether any correspondence has taken place between the Canadian Government and Her Majesty's Imperial Government with respect to removing any disabilities under which Germans naturalised in Canada may labour.

Sir John Macdonald said such correspondence had taken place, and the Gverament had frequently and continuously pressed upon Her Majesty's Government the propriety and expediency of so altering the Naturalization Laws of the Empire as to allow Germans, settling in Canada to be considered to all intents and purposes subjects of the Empire. The Government would not relax in their efforts to this end.

Mr. Mackenzie asked if any correspondence on this subject had taken place since last session.

Sir John Macdonald replied in the affirmative. His hon. friend was aware that the Germans could only be naturalized by an Imperial measure.

Mr. Daly asked, whether any steps have been taken to secure to Germans naturalised in Canada the same privileges and immunities as they would have if naturalized in Great Britain.

Sir John Macdonald said, he supposed Germans naturalized in Canada had as full an enjoyment of privileges as if they were naturalized in Great Britain, except in regard to the Act of Parliament.

FOR REPAIRS.—The steamer Douglas will sail at 8:30 o'clock this morning for Nanaimo, where she will be beached and repaired.

ARRIVED.—The bark Wellington arrived in the Roads from below yesterday, bound to Nanaimo for coal.

RIGAUD'S COLORIGENE
THE
Incomparable Restorer
OF THE
PRIMITIVE COLOR
OF THE
Hair & Whiskers.

It is free of injurious substances, and may be applied to the hair as pure water itself, as it stains neither the skin nor the linen.

It restores the natural color of the hair gradually so that the change is not perceived even by the most intimate friends.

REALLY WONDERFUL!

Rigaud and Co.'s Perfumery,
8, RUE VIVIENNE,
PARIS.
Patronized by the French fashionable circles, and dedicated to the elegant American society.

SPECIAL ARTICLES RECOMMENDED to the American public for their quality, elegance, and exquisite perfume:—

EXTRACE OF YLANGYLANG
and
MANILLA BOUQUET.

The two favourite perfumes, distilled from the flowers of the Ylangylang (*unona odoratissima*). Their fragrance is unequalled by anything hitherto known; they impart to the handkerchief the most grateful perfume; in short they far exceed the Jockey Club, Violet, and other extracts. Purchasers must be careful to refuse all bottles not accompanied by our trade-mark and signature.

KANANGA,
A New Japanese Perfume.

The fashionable perfume, obtained from the flowers of the Kananga (*pyrus japonica*) and just imported by Messrs. Rigaud and Co.

RIGAUD'S TOLUTINE.

An admirable toilet fluid. An agreeable substitute for the most esteemed kinds of Eau de Cologne and Toilet vinegars.

MIRANDA OIL
MIRANDA SOAP

Possesses the most delightful and persistent fragrance, and imparts to the skin a velvety softness. Being entirely free from acid, this soap cannot injure the skin. A single trial will prove that it contains every desirable quality.

RIGAUD'S DENTORINE.

A dentifrice elixir of unequalled virtues. Sweetens the breath strengthens the gums, and preserves the teeth from decay.

SOLIDIFIED DENTIFRICE CREAM.

This new, elegant, and delightful preparation imparts a dazzling whiteness to the teeth, hardens the gums, and is entirely free from the inconveniences of the various powders, which frequently contain acids injurious to the enamel of the teeth.

GENUINE YLANGYLANG PREPARATIONS
Soap, Pomade,
Oil, Toilet Water,
Powder, Cosmetic.

GENUINE JAPANESE POWDER FOR THE TOILET.
Superior to all other rice powders.

For Sale at Wholesale and Retail by their Agents for British Columbia.

PROSPECTUS
—OF—
THE FRASER RIVER BEET SUGAR CO,
(Limited.)

Capital $50,000 in 500 Shares of $100 each.

Deposit on Allotment $5 per share.
Calls not to Exceed $5 per share.
30 days to elapse between each call.

PROVINCIAL DIRECTORS:

ERNST PICHT, Esq.	JOHN A. WEBSTER, Esq.
C. N. TREW, Esq., M. D.	J. C. DIETER, Esq.
HENRY ELLIOTT, Esq.	J. K. SUTER, Esq.

WILLIAM YOUNG, Esq.

Secretary and Treasurer.....HENRY V. EDMONDS
Solicitors.....Messrs. ROBERTSON & JOHNSON
Bankers.....THE BANK OF BRITISH COLUMBIA

Registered Office, Columbia Street
NEW WESTMINSTER.

The Fraser River Beet Sugar Company, (Limited), has been formed for the purpose of Manufacturing Sugar from Beets, to be grown on land acquired by the Company, consisting of rich alluvial soil well adapted for their growth
This land contains all the essentials necessary for the cultivation of the best description of Sugar Beet, being very rich in vegetable matter, and experience has shown that it is unexcelled for the purpose. Large tracts of equally valuable land can be had on very favorable terms; certainly not exceeding one tenth of the price of similar lands in California, and important consideration, as it will make a large difference in the amount of capital required.
From experiments already made on the land, the yield was found to be equal, if not superior to that from land cultivated in the most favored localities on the most improved principles.
The percentage of Saccharine matter, according to published records of European cultivators, gives 8 to 9 per cent. as the average; whereas, in the Fraser Valley, the per centage was 10 to 11; six-tenths being granulated sugar of very fine quality, and the remainder molasses of fine flavor, a result unknown elsewhere.
This being the result on new land, and with the most imperfect appliances, it will be readily understood, that with a proper system of cultivation, and with proper machinery, the profits of the company will be very large.
The quantity of sugar imported into this Province for the year ending June 30th, 1872, was valued at over $100,000; the importation of Molasses, during the same period, amounted to $18,000. It will, therefore, be seen that a ready market is open for all the sugar and molasses the company can produce. The pulp, or refuse, composes the best kind of food for fattening cattle during the winter months, when the highest prices are obtained for beef, mutton, &c.
The cost of labor, it is calculated, will be as low as in California, while the fuel and other materials, including the lumber for building, will be much lower.
As the company proposes to commence operations on a limited scale at first, the Capital Stock has been fixed at $50,000, while power is reserved to the Shareholders to increase the working capital to $100,000, if considered advisable.
Letters of Allotments can be obtained from the Secretary of the Company at New Westminster, and from the Bank of British Columbia, or Messrs. Robertson & Johnson at Victoria. mar20tf

C. FRANCIS BARNARD, M.D
SURGEON DENTIST.
DR. BARNARD HAS had for SEVERAL months the "Perkins Hyatt" or "Celluloid Base," the newest and latest material adapted to the mounting of whole sets of teeth; he is also using "Vulcanite Rubber," which is rapidly supplanting for single dentures or partial sets, the best vulcanites of the last 25 years.
We cheerfully add Dr. B's Card to our columns, convinced that his good taste and judgment, united to natural skill and ingenuity, aided by an extensive practice of upwards of thirty years, render his services more valuable and reliable than those of any other dentist on the Sound, Coast or Island. For details see daily Colonist.
Office and Residence—Douglas street, between Dr. Powell's premises and Wilson's Tea store. Business Hours from 8 a. m. till 5 p. m. tu tf
